TESTDRIVER TRAININGS

- Complex organization of **OEM accepted / acknowledged driver trainings (BMW B1, Daimler T1)**

in vehicle dynamics domain - **Bosch CAR011 – Driving Concept Basic**

- Execution of catch-up trainings
- Providing licensed instructors, cars and infrastructure for trainings

- Providing **Error Simulation Training** for applicators

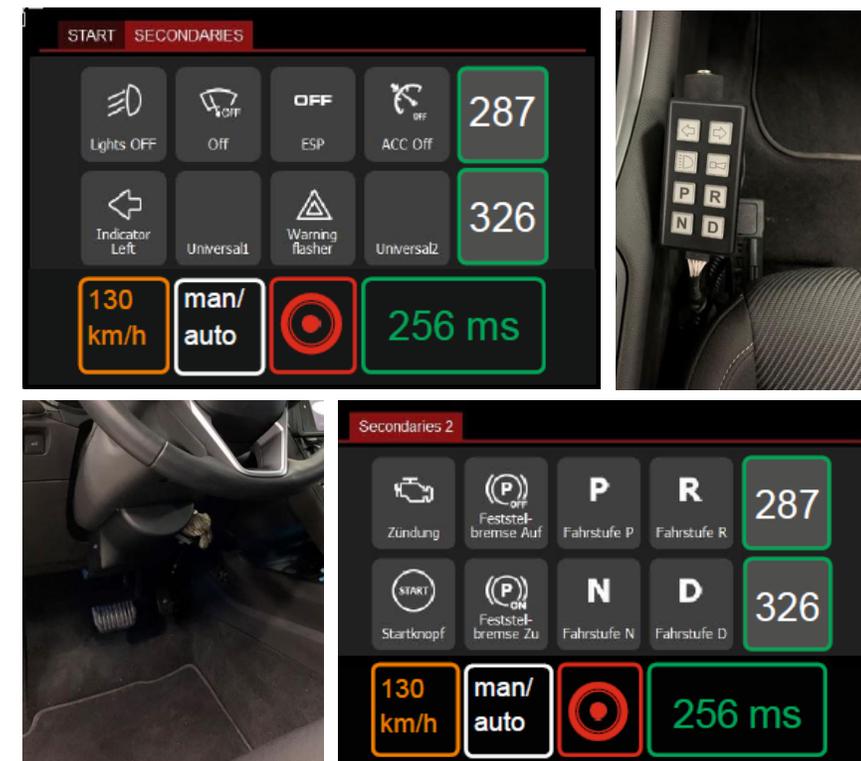

in AD/ADAS development domain with following goals:

- Sensitization and mediation of correct behavior in suddenly occurring faults and errors
- Training and sensitization of test drivers to improve their driving skills and motor abilities
- Warranty of a safe test routine – becoming a **Safety Driver**

- Flexible handling and support of any driver training demand

driving **concept**

DRIVING CONCEPT – BASIC TRAINING

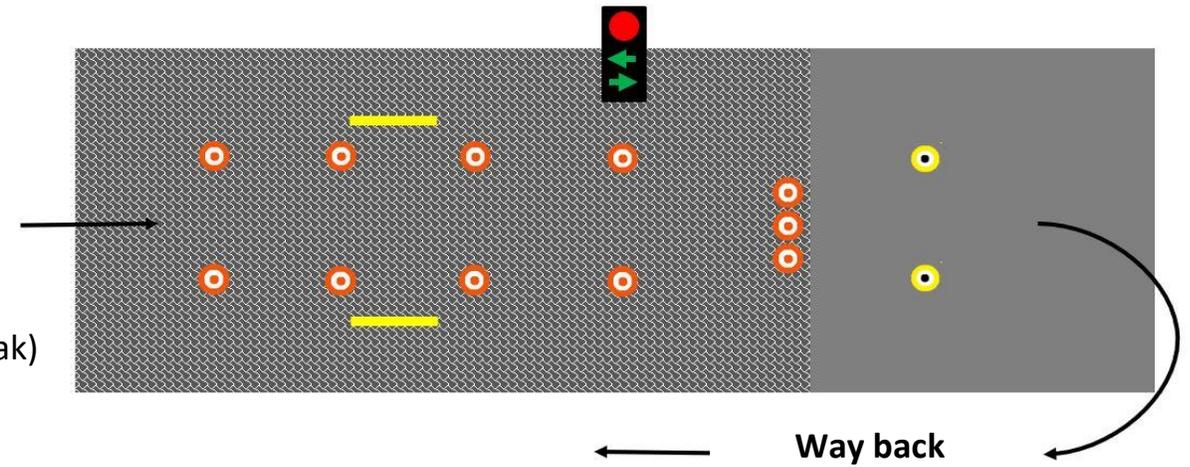

Theory for preparation of the training:

- Safety and risks during the test runs
- How to minimize these risks?
- Oversteer vs. Understeer – the contact force
- How to give rise to and eliminate oversteer and understeer statuses

Practice:

- 18m distance slalom-parcours
- Braking + avoiding
- Double lane change
- Curve maneuvers (understeer, oversteer, emergency break)

✓ Instructors:

- 2x „A” and 4x „B” qualified instructors (2 years education by Driving Concept GmbH.)
- Hungarian and English speakers
- They are also qualified test drivers and test operators

✓ Place:

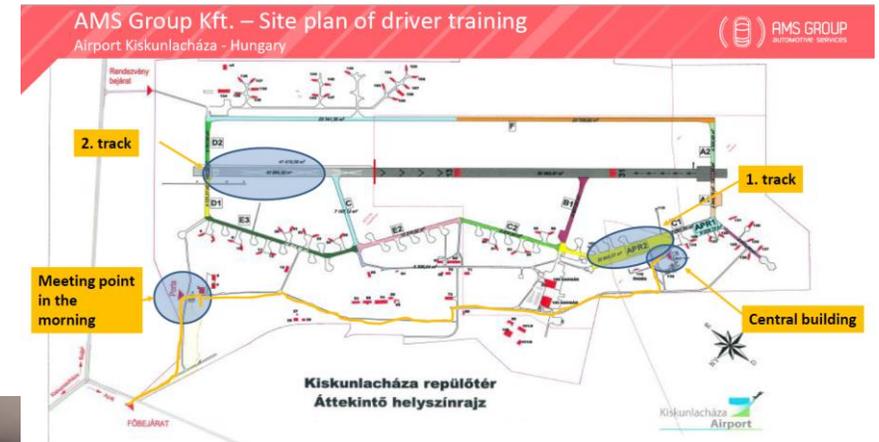

- Hungary - 2340 Kiskunlacháza, Airport (47°10'54.9"N 19°03'22.0"E)
- Or at the place preferred by the customer...

✓ Cars:

- 3x Renault Megane RS – front wheel drive cars
- 3x Toyota GT86 – rear wheel drive cars

✓ Equipment:

- Presentation and communication devices, pylons, speed-counter, signs, lights and watering equipment

✓ Proceeding of the trainings:

- Exclusive or open (1 homogeneous group or mixed from sev. companies)
- 1 trainee in 1 car until 6 trainees, or
- 2 trainees in 1 car above 6 trainees
- Because of the cycle of the training double in number groups preferred
- Minimum level of the participants: 6 trainees/day
- Maximum level of the participants: 10 trainees/day
- 2 trainers (min. 1x „A” instructor) and 1 support colleagues during the whole training

✓ Others:

- Basic catering (coffee, tea, mineral water). In case of extra need lunch service also.
- Our driver trainings are in scope of Hungarian law for the adult education Nr. LXXVII./ 2013. AMS Group Kft. is an registered adult trainer, registration-nr: B/2021/002191. These trainings could be considered as a subsidized education in Hungary.
